## THREE ATTEMPTS TO KILL WOMAN

SAN DIEGO, Aug. 11.—The police are still searching for Louis Siebel, the man for whom a warrant has been issued for his mysterious attacks upon Mrs. Mearle Wetmore. The officers have an excellent description of the man, but if they have obtained any trace of him they are keeping the matter secret. Siebel is wanted for three attempts to kill the woman, the last one occurring Friday night, when Mrs. Wetmore and her baby were alone in her house, and a man entered and knocked her unconscious. When she regained her senses she found the house was on fire. She snatched the baby from the bed, which was burning, and made her way to the street with the child. The fire department extinguished the flames. An investigation showed that the room had been fired in four different places.

Mrs. Wetmore says that six years ago, when she was a girl living with her parents, Mr. and Mrs. Rush, on a farm twenty-one miles from Davenport, Iowa, her grandfather died, leaving the property to her father, but cutting off his brother. Subsequently her father's barn was fired by masked men. Her uncle and Louis Siebel and a brother of the latter were arrested and tried for arson. She testified against them, but they were acquitted. She declares that Louis Siebel said he would have revenge on her. Later she married and came here with her husband.

Two months ago, while alone at home, a man entered her house, seized her by the throat and choked her into unconsciousness. He ransacked the house and escaped. Mrs. Wetmore says she recognized him as Siebel. A warrant was then issued for him. Mrs. Wetmore declares that even while the police were searching for him Siebel came to her house with a revolver, but her husband chased him off with a gun.

## HARRIMAN MAY GET GREENE LINE

MEXICO CITY, Aug. 11.—It is rumored that application will be made to the Mexican government for the transfer of the concession now held by Col. W. C. Greene for the building of an extension of the Rio Grande, Sierra Madre and Pacific railroad to E. H. Harriman and his associates. H. R. Nickerson, president of the road, is said to have effected a financial arrangement for the early building of the extension. It is said Harriman and his associates have become financially interested in the project and that the road will be used to obtain an eastern outlet in the United States by way of El Paso for the Cananea, Yaqui River and Pacific system, which the Harriman interests are building in western Mexico. The proposed extension will cross the Sierra Madres and connect with the Cananea branch of the Cananea, Yaqui River and Pacific at or near Tonichio, state of Sonora. The estimated cost of this extension is \$5,000,000 gold. By acquiring this extension the Harriman lines in Mexico will become a direct competitor with the Kansas City, Mexico and Orient, which is being built across the same stretch of territory.

## RECEIVER FOR RAWHIDE BANK

GOLDFIELD, Aug. 11.—Another echo of the financial troubles at Rawhide was heard in Judge Langan's court yesterday, when Frank J. Cavanaugh was appointed receiver for the First Bank of Rawhide. The court fixed his bonds at \$20,000. The judge also formally declared the institution in liquidation. The application for liquidation was heard by Judge Langan some time ago, but the formal orders were not entered until yesterday.

President Prentice reported that the liabilities of the bank were in the vicinity of \$52,000 at the time of the failure, but this is not likely to be verified by the developments, as the deposits alone run close to \$35,000, without considering certificates of deposit or the claims of stockholders. One prospect is listed for a loan of \$9000, which would have been going it pretty strong on a conservative basis, with a loan of \$1000. Mr. Cavanaugh's petition was signed by depositors representing \$28,000. The only other applicant was A. A. Codd.

Mr. Cavanaugh came from Denver, where he was manager of the Postal Telegraph Cable company, and for some time conducted an undertaking establishment in Goldfield, afterwards casting his fortunes with the Rawhide district. He is interested in the Miller lease on the Hooligan Hill, on the Coalition property, where he is associated with Thomas Kerns, J. R. Meeker and M. D. Reay. Last week these men made one shipment of thirty-eight and one-half tons to the Gates mill, which yielded an average of \$42 per ton. They sent another shipment of fifty tons out yesterday. Mr. Cavanaugh said that the Bradford mill was booked to begin operations yesterday with a capacity of twenty tons a day, and enough ore in sight to keep the mill going for one month.
